The poplar leaf resembles its tree, narrow and tapering.

Probably, of all the leaves, those of the birches are the most delicate in texture and softness compared with the shiny leathery ones of some other trees. Birch leaves are ettached to very slender twigs.

Leaves are creatures of light edjusting their positions by bendind or varying the length of their

But I suppose leaves were never made just to admire, however; even if they do make life more ingreating and lovely.

All these leaves are food miraclemakers and water-gatherers. They'll som start their season's work makng their food out of water and air powered by the sunlight.

We so often take our trees for granted instead of looking with cumanty: where have the leaves that the tree unfurls in spring been stored for the winter? Why are they

HOW CAN YOU **MAKE A BETTER CUP OF COFFEE?**

First, buy bean coffee, .. not pre-ground coffee, At A&P, we sell bean coffee.

The coffee bean is nature's seal that holds the flavor. Once that wal is broken by grinding, flavor fades... NO MATTER HOW IT'S PACKAGED. The shorter the time between grinding the beans and brewing your coffee, the greater the flavor.

Second, have the beans ground to fit your coffeemaker. At A&P, we custom grind the beans

In a choice of seven different grinds...not one or two. If you're using pre-ground coffee, switch. This week, have an A&P bean coffee custom ground to fit your collectiaker.

BRIDGTON GIRL IS 1972 VALEDICTORIAN AT GOULD

Miss Judith McPherson Jenness. daughter of Mr. and Mrs. Eric M. Jenness, of Bridgton is the valedictorian of the 1972 graduating class of Gould Academy, according to an announcement made by Headmaster Richard J. Dolven.

Miss Judith M. Jonness

During Judy's four years at Gould she has been active in the following sports-archery, soccer, hiking, and skiling. She was on the ski team for three years-the third year included cross-country racing in addition to slalom and giant slalom. An Environmental Survival Program (ESP) is offered and Judy has been active for two years in this. For three years she had been a member of the Alliance-Francaise group.

She has been a member of the student faculty disciplinary committee for two years, and was a dormitory proctor during her Junior year. For three years Judy has belped prospective students by serving as a guide while they are visiting the cammus.

Judy received the Rensselaer Award (math and science) as a junior and was elected a member of the National Honor Society that year.

As a senior, Judy is a finalist in the National Merit Scholarship competition and the Maine Teachers Association recognized her for exceltence in both the math and English divisions on college board scores.

Judy is one of five zenior pirts at Goald who studied and traveled in France from the first of January until the last of March this year. She plans to enter Dartmouth College, in Hangver, N. H., next fall,
